These things can represent people, animals, places, ideas, emotions - almost anything you can think of. The more nouns you know in your language, the better you can communicate your ideas. Here's a closer look at why nouns become nouns, and let's take a look at some examples of how nouns are used. Noun examples: respect, faith, apples, coast, peanuts, motorcycle noun examples in the following sentences can be easily identified. The boy and the girl were holding hands as they crossed the bridge on the way to town. I love watching my cat play with pink yarn. It's raining! Everyone, grab your umbrella and rain hat and watch out for the puddles! Categories of noun categories have several categories of nouns and can be duplicated across categories. For example, general and appropriate nouns, specific and abstract nouns, but some nouns are specific, generic, specific, and appropriate. It will become clear as you read. Common nouns are the words that point to most common things: country, dinner, laughter, puppies, umbrellacommon examples of the following sentences are bold to make easy identification. Kathy loves the country's weekends. After breakfast, guests can enjoy a swim. The cup collapsed and broke. A proper noun name is a name that identifies someone or something, a person or place. Appropriate nouns are also capitalized. John is an appropriate noun because the word John represents a particular example. Proper noun examples: Mary, Jimmy, Aunt Audrey, Honda, Philadelphia proper noun examples are easy to identify. Emily loved spending time with Aunt Nancy in Paris. Buick and Jeep are two important car makers. We visited Lake Erie, which separates the United States and Canada. Pig, man, rock, smell, air, soup, larry all concrete nouns: concrete nouns represent the work of real and tangible. Examples of concrete nouns: cups, computers, diamonds, roller coasters, shampoos, Debbie concrete noun examples are easy to identify. The man threw rocks across the yard. My dog, Oreo, jumped into the air and caught the ball! Can you smell the soup, John? Abstract nouns represent things like love, integrity, democracy, friendship, beauty, knowledge, and the example of abstract nouns. The abstract noun example in the following sentence is bold, which can be easily identified. Love and Friendship Important. Beauty is in the eyes of the viewer. Your mind will know a million things. Nouns can also be classified as computable or innumerable. It is possible to count noun numbers or count like airplanes, socks, bowls, noodles, teachers, two planes, three socks, 1000 noodles. Countable noun examples: peaches, horses, shirts, telescopes and noun examples that cannot be counted in the next sentence can be easily identified bold. There are 5 dogs on the street. I bought 3 tons of coal. Margaret has six pairs of blue sandals. You can have an incredible noun quantity or quantity, but you can't actually calculate: water, music, clothes, understanding. In the second example above, the tone is a reliable noun, but coal is not. Coal is an innumerable noun. Hate, confidence, charm, and wisdom are bold examples of unbelievable nouns in the following sentences that are easily identifiable. Love is in the air. The four elements are air, earth, fire and water. Her humor does not know the limits. Group nouns refer to an audience, a team, a group of people or things, such as a family, a class. When talking about collective nouns, Americans see them as singular, and it's like dancing happily using singular verbs like a group. When speaking British English, singular verbs and plural verbs can be used as in a group dance like crazy in front of the Queen. Group noun examples: government, jury, team, flock, school, class and room (people in a room or building) the collective noun examples of the following sentences are bold to make it easy to identify. The team threw confetti at the end. Steve buys a sandwich from the band. Meredith told the class that she was getting married. As mentioned above, when we talk about noun categories, we can explain that some nouns fall into one or more categories. Some nouns count with concrete, such as raindrops and wedding rings, while some are appropriate and unreliable, such as the Atlantic and Alaska. It may be a numberable noun singular or plural. Most nouns in English form revenge by adding -s or -es to nouns, but with a few exceptions: one, two dogs, red dogs, blue dogs. New York City is one of the most magnificent cities in the world. Countless nouns and proper nouns are always considered singular: the air in the countryside and cities is clean and fresh (not airy). All knowledge is good (not knowledge). Mostly warm weather in Florida winter. Nouns can also be claimed. This form of noun is called possession noun and is represented by apostrophes and letters-s. It's like using a noun word and a noun. The color of the light is red. (Or: the color of the light is red.) The national flag has blue stripes. (Or: the national flag has a blue stripe.) The Hunter's Gun (Or: The Hunter's Gun has been loaded.) If the noun is already finished with -s, you'll see your possessions by adding only apostrophes, not hunter guns. You can use it as the title of a noun sentence or as a different capacity as an object: Zone is good. - John is the subject of the sentence I saw John - John is a simple (direct) object of the sentence. I gave John a phone call. - John is an indirect object of the sentence. I gave John a phone call. - John is the object of the pre-war. Additional information about nouns is sometimes used as an adjective called a noun. In fact, English is surprisingly flexible in that almost all nouns can also be used as adjectives, but sometimes the use is considered comic altogether or deceptive: Ocean View - Ocean describes the type of view that can be seen outside the window. Jazz Concerts - Jazz specifies what kind of concert is being played. Cheese omelets - it is a specific type of omelet, cheese and eggs. Using a true adjective, such as a cheese omelet, means all types of cheese-rich omelets (onions, peppers, mushrooms). Dogs are tired - really tired - although the dog is not known to be particularly tired. Fear factors - examples of using old words as noun codes.
